Joe Schroeder is a Machine. That's My Secret.

From Joe Schroeder: 34 Miles West of The George Washington Bridge and 7 Due East of the Coral Damn River off Route 6

Machines don't care what anyone thinks. Most people do. They use the opinions of others to impede what they will or will not do. Run the math. How much money do you predict you have lost in the past five years because you cared what other people thought?

The "Discipline of Doership" Book is 156 pages Not a Book To Read. It's a Book That Will Work For you!

How could I have sponsored thousands of people or even dared ask 10,000 people to send me \$217 if I cared one bally-wack what anyone thought? Serious. Use my brand new 156 page book to learn super-human mental power and become an unstoppable success and money machine!

Took (5) Years to Write 156 Pages Will Change Million Lives Over 50 Years!

Only 12 Minutes Per Day

In my book you'll learn how to use my 12 minutes per day system. Bob Proctor from the "Secret" showed me this subconscious maneuver and within 10 short months I accumulated over 3,000 paid members and become free! You can too. You become a Human Dynamite!

Book + 4 CD = \$48.95
—Book Only Just \$24.95—

Let me tell you something, "nice" doesn't get you on the bus. CASH gets you on the bus and if you're nice **and** have CASH, then you can buy the bus and/or start your own program and have 1,000's of affiliates as I have. Nice works. But that gets **cancelled out** if you're so nice that you allow the drama of other people and *their opinion of you to interrupt your mission*. You can't save the whales if you can't afford to fish and without money your "reach" and ability to touch a million lives is minimal.

Machines are "set" to collect cash 24/7. **I am a machine.** *I have been programmed to collect and now you will be too.* No book on earth reveals what I do. You will be shocked!

If You Don't Know What Waking Up At 3 or 4 a.m. Feels Like,
Can You Even Imagine What Being Will Smith or myself feels like?

Of course I am up at three or **four a.m.** in the morning. Of course I get done in day what most men wouldn't even dare attempt in 12-16 hour days. I am programmed to. I can and do anything that I say I can. Now you will too.

You will become "machine like." My chapter called Automatic Influence will teach you to become programmed to earn, whereby failure--or procrastination--doesn't even remotely become possible.

"How To Incite a Movement"

I Used This Chapter To Build a \$100,000 Per Week Sales Steam Roller!

If you lend my book to a waitress she'll use chapter two which is called **"The Evolution of I Can"** to double her tips. If you hand this book to a Networker who builds organizations, he'll sky-rocket from 12 people to 1,200. I did. How? Because of the "code" of social prowess I explain in chapter four called, **"How To Incite a Movement."** It's like Ali wrote it.

No new age stuff. I can't stand granola chewing candle burning makes no money "thoughts are things" two songs and a poem books. My book is total rogue bad ass doership. Only for people who are ready to think out loud, *draw crowds as they work* and who would rather be abundant and work 14 hour days from home, than broke and angry who work at a 9-5 ball and chain.

The Art of Money Getting: Chapter # 5

In chapter # 5 learn "The Zen of Getting" I learned from studying Jim Morrison from the rock-band, the Doors. In 1999 I read "Break On Through" and will teach you what I de-coded and exactly how rock-stars are able to make ZOMBIES out of crowds and Spellbound them.

- 1:** Draw a behemoth crowd like a rock-star! (detailed on pages 73-79)
- 2:** Turning that crowd into bull-dozer of revenue. (Pages 51-58)
- 3:** Ancient Multiplication secret (P.83-85) used by Ali and Madonna.

Think "Napoleon Hill" on crack cocaine. Think Wayne Dyer who meets Dog The Bounty Hunter Who meets Donald Trump who all hung out over at Will Smith's house. **Then pretend. . . . I was there taking notes!**

“Machines Don’t Need Other Machines To Motivate Them.”

This is not a book you thumb through and put down. If you do then my book sucks and you deserve a 30 day refund. If my book isn’t worth reading OUT LOUD to your family at dinner time, then my name isn’t Joe Schroeder. I swear that this book should—and eventually will -- be in all schools nation wide!

If this book doesn’t fry your brain and make you TEN feet tall and bullet proof and give you ANIMAL confidence and teach you the “code” for **Million-aireship**. . . if this book doesn’t do that, then this brand new book isn’t worth the paper it’s written on. This book will flip you into a manic driven movie star Will Smith-type **GOAL DOER** or else!

If you receive the book and don’t then quickly go order 2-5 more to hand out to friends, then my book sucks. It has to be a book that **you insist** is so life changing that you demand everyone in your world to use this system of rogue DOERSHIP to benefit from! You will use this “system” to help people.

The point is, I drive myself hard and now this book will drive you like a machine. Order now (24/7) Visa-master Card 201-439-3232 (Live operators)

You Don’t Try To Make \$15,000 per Month Because
You Need Money. You Do It Because You Can
And Because You Said You Would. ***That’s Why.***

Talent will fail you. College will fail you. Do the math? With those two in your back pocket, where are most people today? See my point? It’s about having a sickeningly psychotic work ethic. It’s not about education.

It’s called you don’t sleep. It’s about discipline. It’s called you do what others only “say” they will do and you out think, you out work and you out muscle everyone else who ever once told you, “Won’t work, you suck, stay safe and get benefits.” Well. . . where are **those people** today?

People who refuse to believe in Millionaireship can go play the lottery as their last hope of freedom, or they can hustle a two-bit job resume to get a job that barely even allows their family a trip to Disney each year.

The cold hard reality is that talent fails and education doesn’t even consider Disciplines of Doership and **the art** of. . . doing less, to have more! My book is a celebration of life. It’s the “code” of abundance!

The Rich Are “Un-Consciously Competent.” *That’s Their Secret.*

Your “conscious” mind is basically useless and stupid. Your conscious mind can’t even remember numbers. That is why it took 2-3 years to learn the A,B,C’s and why phone numbers have spaces such as 201-space-555-space-4512. It’s your SUBCONSCIOUS, your servo-mechanism, which is a machine like brain organism that drives your car, pumps your blood and tells you when to eat, when to wake up. . . and can be PROGRAMMED, like a machine, to work, to earn and to have 97.9% of all fears and procrastination shattered.

You don’t need another opportunity. What you need and deserve is to become the “machine” who assaults goals and who does which you say you will do. This book begins where most other books on success left off or forget to tell you about. You will need 12 minutes a day to use my HUMAN DYNAMITE system and to become TEN feet tall and bullet proof. All rich and famous people are UN-CONSCIOUSLY competent. Meaning, they are inner programmed, like a machine. That is how they can work, earn, write books and lead empires all at the same time. It’s like here is a lawn mower. Here is the gasoline. Turn it on and it runs all day and night without ever being reminded to do its job!

You Don't Have To Get It Right... You Just Have To Get it Going!

Most people can't give you 100 different failures that they have accumulated. That's because you have to be perfect to maintain a job. I learned to fall forward fast which gave me the freedom to experiment in what didn't work. Just as Thomas Edison and Ben Franklin used the chaos of non-order to locate precision, ease and **non-labor**.

Through failure you can try 500 different things and "cut" at the ball more which then *forecasts obvious home runs*. You get to a point where **you literally employ** yourself to "do" that which you can imagine yourself "having." This is how I built a \$100K weekly **12 income** career.

Here is What My Book and CD Un-Locks

- 1:** Learn how to use a little 2 x 4 piece of paper which if used properly, for only **12 minutes** per day, can unleash riches and lock you into a goal crusher. This little single technique has made Millionaires out of many and taught to me personally, by Bob Proctor from "The Secret."
- 2:** In the section called, **"The Field is a Fierce Master"** I will give you a simple "move" that was taught to me in 1986 by a Gypsy Magician. I used this **people-intoxicator** to triple my sales as a door-to-door MEAT man and to also recruit a network of over 800 salesman. You can too!
- 3:** You will learn a "word" incantation used by TV preachers who make Millions and Millions. You'll chuckle when you see this bundle of **9 words**, and shout, "Schroeder, I can't say that!" —But again, if you use these **9 little** words, whatever you sell, you will sell more off!"
- 4:** You will learn my **"Pressing the Bubble"** technique. You can use it at Dunkin-Donuts, gas stations and diners. You will rehearse this in front of people and learn the method I call "Spellbound" to become self-confidence times ten. You'll also learn how this technique turns strangers into friends almost instantly. Shy types become TEN feet tall and bullet proof in only a week of so.
- 5:** Learn how with a full-time job, back when I started on the road to Millionaireship, I out-sourced everything and had a turn-key **second income** of \$7,200 per month!
